Masport Icon Guide:

Naturally recycle the grass by recutting it and feeding it back into your lawn.

Provides access to the cutting blades and chassis to easily clean your mower, increasing the chassis life.

Mow without the catcher, and avoid the messy grass clumps. The Masport Smartchute will side discharge clippings in a 'sidethrow' action as you mow to leave your lawn looking great.

Ergoshift levers on some models make for easy catcher access.

The conveniently positioned starter cord eliminates the need to bend all the way down to pull-start, reducing the risk of back strain.

Reduces dust getting in the engine.

With the blade coverage extending beyond the wheel width the mower can cut closer to walls, kerbs and fences, giving a cleaner finish to your lawn.

Let the mower do the work. These models are fitted with a self drive system, all you need to do is squeeze the handle.

Multiple height adjustment to combat back strain. Wide diameter and impact resistant soft grip for added comfort. Tapered for greater manoeuvrability around trees.

Masport President Range

Masport President series mowers combine the benefits of a top-quality machine created for the lawn enthusiast, with support from the very best sales and service network.

Only Masport Authorised Dealers can carry Masport's President series. They are the experts, advising you on the mower best suited to your needs, lifestyle or budget and deliver the kind of superior after-sales service and advice you demand.

Some of the features that are available on President models

Vibration Resistant Design
reduces operator fatigue.

Four Stroke Technology
from some of the world's best engines, delivering high torque and smooth running.

Zone Start
Puts the starter cord within easy reach, avoiding unnecessary back strain from bending down to pull start the engine.

Quadcut®
blade system uses 4 blades to cut cleanly and then efficiently lift clippings for catching, side throwing or re-cutting for mulch.

Smartchute® versatility
Thanks to this innovative patented feature it's possible to have a mower that can mulch, catch and sidethrow. Just engage Masport's exclusive Smartchute® feature and the mower will discharge clippings in a 'sidethrow' action, well away from the mowing path.

Ergo Shift®
allows for easy access to the catcher.

Ergonomically Designed Handle
Multiple height adjustment to combat back strain. Wide diameter and impact resistant soft grip for added comfort. Tapered for greater manoeuvrability around trees.

Award-Winning Catcher*
has a massive 40–46.5 litre capacity and some indicate when it's full, taking the guesswork out of the emptying process.

Cyclo Wash
hose fitting point on the deck to clean the housing while the mower engine is running, increasing the life of the deck and improving cutting efficiency.

Adjustable Ball Bearing Wheels
Includes threaded axle and nut for ease of adjustment.

'Combo' models available
The versatile mowers that can mulch as well as catch.

Mag-Styled lighter, wider wheels are standard on President 3000, 4000 and 5000 models
Robust and durable, these wheels make the machine easier to push.

* Award-winning catcher featured on the 460mm cut width mowers.

Spares and Accessories:

We are proud of our after sales service. Please see your authorised dealer for price and availability of all genuine Masport parts and accessories.

President 1000 ST Combo

Masport reliability powered by a Briggs & Stratton 148cc 450 series engine on a 18" sturdy steel chassis. Unique Quadcut® blade system, with swingback feature to protect the crankshaft from damage should the mower strike a solid object. Great entry-level cut, catch and mulching mower.

573911

President 2000 AL

Powered by a Briggs & Stratton 158cc engine this alloy model offers Smartchute® technology, allowing you to "sidethrow", without a catcher, well away from the mowing path, cutting down your mowing time. This lawnmower is smooth and easy to manoeuvre. Features a strong reinforced lower handle and 2 blade disc cutting system for engine protection and better catching performance.

6 year Alloy housing warranty

579934

President 2000 ST Combo

This mower steps up to a Briggs & Stratton 158cc 500 series engine still on a steel chassis, with Quadcut® blade system for superior cut, catching and mulching. An 18" chassis with the addition of a strong reinforced lower handle and with cam locks for easy fold down and storage.

579817

President 3000 ST Combo

Power is delivered by a Briggs & Stratton Quantum 190cc powerful engine. This cut, catch and mulch mower features a snorkel to help keep dust from the engine, an upturned handle with cam locks, unique Quadcut® blade system and stylish 'mag styled' wheels. This is a fantastic mid range mower, perfect for Australian conditions.

579936

President 2000 ST 2 Stroke Combo

A light mower, ideal for sloping or awkward lawns. The only mower in the President range with a 2 stroke engine, which is highly suitable for mowing on sloping and hilly sections. This mower also features a Quadcut® blade system delivering twice the cutting action and a very smooth finish. Features an upturned cam lock handle and Ironforce® engine with cast iron sleeve.

579818

President 3000 AL Combo

Power is delivered by a Briggs & Stratton XVS Series 675 190cc engine, the most powerful in the range. This Masport alloy lawnmower can mulch and catch and features the innovative four blade Quadcut® system to cut cleanly and then efficiently lift clippings for catching or side throwing. The 3000AL also has 'mag styled' lighter, wider wheels making the mower look great and easier to manoeuvre!

6 year Alloy housing warranty

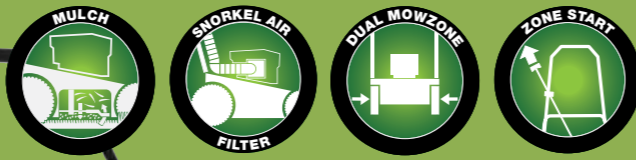

573900

President 4000 ST Combo I/C

All of the features a 3000ST model offers but with a wider 19" chassis to reduce mowing time and a Briggs & Stratton commercial grade engine with cast iron sleeve for increased engine durability. Featuring a four year extended warranty.

4 YEAR
Extended Warranty

579937

President 4000 AL Combo I/C

Combines the great features of a President alloy mower with a Briggs & Stratton Quantum 190cc commercial grade engine with cast iron sleeve for engine durability. An 18" alloy chassis with Quadcut® blade system which produces a clean, smooth cut. The Smartchute® flap can discharge grass clippings back onto the lawn when catching is not required. By fitting the mulch plug this mower can be used to cut and mulch. Features a four year extended warranty. 6 year Alloy housing warranty

4 YEAR
Extended Warranty

573901

Mulcher I/C

The tried and trusted Masport special mulching blade system and our award winning housing design delivers the perfect mulching option for a healthy lawn. Also features a four year extended warranty as it is fitted with a Briggs & Stratton 190cc commercial grade engine. This mower is solely dedicated to doing one job well, mulching.

4 YEAR
Extended Warranty

579890

President MSV mowers offer these great features as standard:

President MSV 5000 I/C Combo

President MSV mowers have unique body moldings, airflow design, four blade Quadcut® blade system and strong alloy chassis. This MSV 5000 I/C model features a four year extended warranty as it is fitted with a Briggs & Stratton 190cc commercial grade engine. This mower is truly top of line! Also with Smartchute® for side throw, a snorkel to help keep dust from the engine, washport to easily clean your mower, catcher full indicator, and ergo shift lever - what more could you want! 6 year Alloy housing warranty

4 YEAR
Extended Warranty

Also with:

579939

President MSV 5000 SP

Let the mower do the work for you! Including most of the features of the MSV 5000 IC Combo, the MSV 5000 SP mower is also SELF PROPELLED. It has a self drive system which removes the need to push the mower. The MSV softgrip handle with easy adjustment offers vibration resistance for maximum comfort. 6 year Alloy housing warranty

Also with:

983725

President MSV 5000 Honda Combo

This Masport lawnmower features the Honda GXV 160 engine. Honda engines equal smooth running overhead cam engine with extra power to give a great finish. The 19" cut width saves mowing time and the Quadcut® system offers double the cutting action and a sharp finish. Easy and comfortable to use thanks to the ergo handle with multiple height adjustment to combat back strain. This model features an ergo shift lever, allowing easy access to the catcher, with a foot lever that moves the handle forward and out of the way. This model also features the Smartchute® for mowing without a catcher and mulch plug for mulching. 6 year Alloy housing warranty
